

**The ez
Guide**

Model # UVC 3041

How to setup:

99.9% sterilizing rate

Step 1: Charge the unit through the charging port located on the bottom of the unit for 2 hours before first use

Step 2: Press and hold the power button located on top of the unit for 2 seconds to turn on

Step 3: Quickly press the power button to set the disinfection time for 5, 10, 15 minutes

Step 4: Scan the area with light turned on; the closer it is, the faster eradication takes place

Step 5: Press and hold the power button located on top of the unit again for 2 seconds to turn off

Please note: Make sure the unit is always charged before eradication
