

**The ez
Guide**

Model # UVC 3059

How to setup:

99.9% sterilizing rate

Step 1: Plug in charging wire into the charging port located on back of the unit

Step 2: Place item into the box close lid

Step 3: Drop 3-5 drops of preferred aroma into the diffuser inlet to use the aromatherapy diffuser (optional)

Step 4: Press the UV button (Disinfection) or Wind button (Aromatherapy) in front of the unit to turn on and begin the process

Note: Flashing blue light indicate UVC function is off while solid blue light indicates the function is on and working

Note: Flashing red light indicate Wind function is off while solid red light indicates the function is on and working

Step 5: Press the UV button (Disinfection) or Wind button (Aromatherapy) in front of the unit again to turn off the unit

Note: Unplugging the charging wire will turn off the unit

Note: The unit will also turn off automatically after 5 minutes
