

**The ez
Guide**

Model # UVC 3075

How to setup:

99.9% sterilizing rate

Step 1: Plug charging wire into the charging port located on lower back of the unit to turn on

Step 2: Open the zipper and place items within

Note: Avoid stacking and only put in dry items

Step 3: Close the zipper

Step 4: Press the power button to begin the disinfection process

Note: The unit will “Beep” once if the power button is pressed once for “quick disinfection mode” that will last for 3 minutes

Note: The unit will “Beep” twice if the power button is pressed again, and the disinfection process will last for 8 minutes

Step 5: The unit will “Beep” three times when the disinfection process is completed

Note: The disinfection process will discontinue when the magnetic switch is not put on properly

Step 6: Unplug the charging wire to turn off the unit
